

ProCraft BC Beam Clamp

Provides a quick and easy rigging point for hoists, blocks and slings. It is lightweight and offers a versatile range of adjustment for ease of installation.

The design and specification of the ProCraft BC Beam Clamp includes:

- Range 1 Tonne to 10 Tonne
- Light weight design, and durable construction
- Direct connection to beam for a lower headroom
- A threaded spindle that can be locked.
- Not to be used for lifting people, personal safety or restraint
- Each clamp is proof load tested to 1.5 times the working load limit
- Meets or exceeds ASME B30.11
