

ProCraft BCS Beam Clamp

Provides a quick and easy rigging point for hoists, blocks and slings. It offers a versatile range of adjustment for ease of installation, with a shackle to accept larger hooks or attachments.

The design and specification of the ProCraft BCS Beam Clamp includes:

- Range 2 Tonne to 3 Tonne
- Wider beam flange adjustment
- Shackle hanger which accepts larger hooks or Rigging
- A threaded spindle that can be locked.
- Not to be used for lifting people, personal safety or restraint
- Each clamp is proof load tested to 1.5 times the working load limit
- Meets or exceeds ASME B30.11
